Vacation Bible School Underway

With vacation time here, Redeemer Lutheran Church is again conducting its annual Vacation Bible School. Classes began on Monday, July 15 and will continue through till Friday, July 26. Sessions are held from 9:30 in the morning till noon, with a one hour break for dinner, and then continue from 1 till 3:30 in the afternoon. All children of the parish, and any others who would like to attend, from the age of 4 to 14, are welcome.

In the forenoon sessions the study of the Bible is featured. In the afternoon singing, films and film-strips, and also seat work and handicrafts, keep everyone busy. If you would like to have your children attend, please contact Rev. Fox, phone 169, for further particulars.

FALLEN TIMBER

(From Our Own Correspondent)

they read at the annual meeting of the American Medical Association in New York.

11-Year Old Girl Saves Tot From Drowning

(From Our Own Correspondent)

A near-drowning tragedy was averted at Camrose one day last week when 11-year-old Kim, son of Mr. and Mrs. Ken Card, was rescued when Miss Mary Martin of that city plunged fully clothed into nine feet of water to pull the young lad to safety.

The accident occurred when the young lad wandered off with some chums and got just too close to a reservoir.

Kim was revived by artificial respiration and had to spend some time in hospital recovering from the ordeal. At last reports he is doing just fine.

EAST NOTES

(From Our Own Correspondent)

Mr. and Mrs. Harry Thompson of Vancouver spent two weeks here with the former's brother, Mr. Alfie Thompson and family. Miss Marion Donaldson, cousin of Harry and Alfie was here also. Marion is from England but has been in Vancouver for some time and is now working there. Her boy friend, Phil Boase, also of Vancouver, came over to take in the Stampede and spent a day at the Thompson home.

Messrs. Pete and Bob Donaldson of Toronto also came up for the Stampede and while here visited with Mrs. Lucy Thompson and Mr. Alfie Thompson and family. Their home is actually in England and they are brothers of Miss Marion Donaldson.

MELVIN NOTES

(From Our Own Correspondent)

During Margery Chandler's holiday visit at home she and her mother entertained a group of friends at the district tea in honor of Viola McNaughton, who will start out as a full fledged teacher this fall. At the close of the afternoon Viola was presented with a traveller's clock and the good wishes from all her friends for success in her chosen profession.

Mr. and Mrs. E. Gourdine, Mr. and Mrs. Fred McDonald (Monica) and wee son Donald, spent several days this week at the Dupont home.

Visitors this week at the home of Mr. and Mrs. A. E. Krebs were their daughter Ethel and husband, Mr. and Mrs. R. Backes of Portland, and Mr. and Mrs. Richard Houle, Joan and baby son, of Pomona, Calif.

Nine ladies of the Melvin W.I. enjoyed a trip to Calgary on Tuesday where they toured the Jubilee auditorium, Weston's Bakery and the TV station, where they watched Margaret Arnold prepare one of her delicious meals.

Miss Margery Chandler returned to Abbotsford, B.C., on Friday after a three-week vacation here. During that time she and her parents spent a week in Saskatchewan visiting friends at Moose Jaw and Saskatoon. Pioneer week was in full swing in Saskatoon at the time and they really enjoyed the display.

Mr. and Mrs. Allan Krebs and family of Edmonton were weekend visitors at the A. E. Krebs home. Jimmie stayed for the holiday.

On Sunday the Krebs and Cowitz families had a family reunion at the August Krebs home. Forty-nine were present to enjoy a turkey dinner with all the trimmings. Five generations were represented, from Grandma Cowitz to Joan and the baby.

Mr. and Mrs. Lester Krebs and family spent a week visiting relatives at Fort St. John, B.C., returning last Friday.

Mrs. J. Spurred of Winnipeg arrived Friday to visit with her daughter, Mrs. Lloyd Fischer and family.

The Westcott Church Vacation School is being held each afternoon this week. Mothers are invited to come on Friday afternoon to see how the school is carried on. A final program and display is planned for this year.

THE LOCAL NEWSPAPER MAINTAINS ITS INFLUENCE

- How often a successful executive, far from his small-town birthplace — maintains his contacts through regular receipt of his weekly newspaper.
- There is nothing quite like a small town weekly for neighborly news and intimate contacts.
- People in the advertising business talk about selected audiences — sharply focused circulation. They have learned from experience that when a publication is specially edited to appeal to the specific interests of a smaller group of people, its opportunities to make sales are multiplied many times over.
- The weekly newspaper is that kind of publication. Whether its circulation is a few hundred or a few thousand, it represents effective circulation.
- Gather the towns-people and farm folk around you when you advertise. Surround yourself with friendly neighbors — deliver your advertising message through your local weekly newspaper.

FACTS THAT SPELL "OPPORTUNITY" FOR YOUNG MEN WITH AMBITION

1. The "Royal" is North America's fourth largest bank. More than 870 branches are in operation and new ones are being opened all the time. During the past four years we have opened 94 new branches, each one creating new managerial positions . . . and resulting promotions for young Royal Bankers.
2. "Influence" plays no part in advancement at the Royal Bank. Our senior officers from the Chairman and President on down started as juniors in small branches and advanced on merit alone.
3. Home study banking courses are available to all staff members. Successful candidates advance quickly. Practical experience plus the banking course is equivalent to a university course in Commerce.
4. For young men interested in gaining international banking experience, the Royal Bank has 75 branches abroad . . . in New York, London, Paris, Central and South America, Cuba and the West Indies.
5. We have generous pension plans that compare with the best, as well as group health and hospital insurance, at low cost to employees.

Jackson - Kershaw Nuptials

The Olds United Church was the scene of a lovely afternoon wedding recently when Greta Phyllis, only daughter of Mr. and Mrs. Benjamin Kershaw, became the bride of Robert Ralph Jackson, eldest son of Mr. and Mrs. Harry Jackson. The service was performed by Rev. A. W. Magee of Carstairs.

Prior to the ceremony, Mrs. J. Duff sang "A Wedding Prayer", and during the signing of the register rendered "O Promise Me", accompanied at the organ by Mrs. Turpie.

Baskets of pink and white gladiolus, mums and peonies, formed the background, while feather mums and carnations adorned the organ. The bride entered the church on the arm of her father, to the strains of Lohengrin's "Wedding March." Her gown was a white strapless creation of double nylon net over bridal satin, with embroidered bodice, front panel, and three matching flounces circling the bouffant skirt. The embroidered jacket featured a Queen Anne collar and lily-point sleeves. From a bridal cap accented with rhinestones and pearls, misted a finger-tip veil of illusion net, studded with rhinestones. She carried a bouquet of red cascade roses. The bride's only jewelry was pearl earrings, a gift of the groom.

Matron of honor was Mrs. Bill Petersen, cousin of the bride. Bridesmaids were Mrs. Frank Collinge, cousin of the bride, and Miss Barbara Jackson, sister of the groom. They wore similar strapless waltz-length gowns of net and lace over satin, in pink and blue respectively, matching lace boleros, net mitts and sequin trimmed halos, completed their ensemble. They carried bouquets of gladiolus in blue, pink and yellow.

Dressed identically in a miniature pink version was wee Cheri Jackson, cousin of the groom, acting as flower girl. Her bouquet was of pink and white baby glads.

The groom was attended by his brother, Mr. Arthur Jackson; James Jackson and Harold Krebs acted as ushers.

The bride's mother was attired in a dress of dusty rose, with white accessories, and carried a corsage of pink carnations and rosebuds. The groom's mother chose a navy dress, with white accessories; her corsage was blue carnations and pink rosebuds.

Following the ceremony a reception for 90 guests was held in the Elks Hall. Adorning the bride's table was a beautiful three-tiered wedding cake, flanked on either side by candle light and flowers.

Master of ceremonies was Mr. Ralph Jackson; Rev. A. W. Magee proposed the toast to the Queen. Mr. Darryl Herbert proposed the toast to the bride, to which the groom aptly responded.

Distant guests were: Mr. and Mrs. Wollen, Fort St. John; Mrs.

SECOND THOUGHT . . .

After living on the same farm all his life, a farmer felt he needed a change so decided to sell the property.

The estate agent prepared a highly flattering newspaper advertisement, but before inserting it he read it to the farmer.

"Hold on a minute," interrupted the farmer, "and read that again slowly."

Again the agent read the advertisement.

"Changed my mind," declared the old fellow. "I'm not going to sell. All my life I've been looking for a place just like this!"

TODAY'S CHUCKLE

"Mama, I've got a stomachache," said six-year-old Nellie.

"That's because your stomach is empty. You've been without your lunch. You'd feel better if you had something in it."

That afternoon the pastor called and, in the course of conversation complained of a very severe headache.

"That's because it's empty," said Nellie. "You'd feel better if you had something in it."

SIGN OF THE TIMES

A sign on a farmer's fence read: "Hunters, don't shoot anything that does not move. It may be my 'red man'."

MARK WINS

In the old days a devout Mormon once argued with Mark Twain and defied the humorist to recite any passage of Scripture to show that pigmy was forbidden. Twain replied, "How about the passage that tells us that no man can serve two masters?"

H. Parrant and Larry Muirhead, of Rosedale, B.C.; Mrs. John Graham, Miss Marie Kershaw, Mr. Ken Parrant, Mr. and Mrs. R. Owen, all of Calgary; Mr. Bill Petersen, of Strathmore; Mr. Frank Collinge of Amnre, and Mr. F. Needham from Delburne.

A congratulatory telegram was read from Mr. and Mrs. S. E. Parrant of Agassiz, B.C., who were unable to attend.

In the evening a wedding dance was held in Westerdale hall, after which the happy couple left for a honeymoon trip to Victoria and other points in B.C.

The bride's going-away costume was a beige tweed suit, with blonde accessories and a yellow rosebud corsage.

On returning they will reside in the Innis Lake district, west of Olds.

Just For The Record . . .

The mental midgets who operate power-driven vehicles at high and dangerous speeds along the avenues of Didsbury are definitely in the minority. But, there are a few of the speed demons who disregard the safety element and cover as much territory as possible in what they call the fastest time. These are on the ones we have on our "watch-em" list. Carry on fellas, get there sooner, but make sure on the way through that it isn't your own little sister you run over. Or do you care?

★

Just For The Record . . .

Yes, we're here again! That south trip we planned sort'a fizzled out when the boss of this column went home one day ready to pack, and found that our wee gal had the measles. If you listen to those who know, you don't travel far with the measles. We are in the category of those who don't know about diseases. We leave this to the ones that are trained in that field. We did see the Stampede Parade, and it was good; no measles, they were gone; just sore feet. Do you need to guess who got 'em? You're right! 'Twas me!

★

And A Friendly Nod . . .

To the aspiring Sherlock Holmes who arrived at the scene of a crime and was frankly befuddled. "Hmmm," he said, this is more serious than I had figured. The window is broken on both sides!"

Westcott Senior W.I. Hold Food Sale

Westcott Senior W.I. met at the home of Mrs. Ed Klinek on Thursday, July 18th, with 14 members and three visitors present. Roll call was answered by "Did You Know?" and "Food For Sale."

It was decided not to send a delegate to Farm Women's Week at Olds but all members that can are asked to attend. Five-minute talks were given by Mrs. Helen Baudistel, who read an article from Readers Digest on "Are We Forgetting How To Walk?" and by Mrs. Cliff Eckstrand on "What the Judge Means by Pressing As You Sew."

Following this came the sale of food, which had been brought by the members. Mrs. Rinehart was the able auctioneer and caused roars of laughter. Over \$11 was realized from the sale.

A report of the woolens was given and there are only a few articles left for sale. There were 156 articles to start with.

Last of all Mrs. Rinehart presented Mrs. Klinek Sr. with the pastel picture she had demonstrated how to make at the June meeting. She composed a poem in honor of Mrs. Klinek's 80th birthday, which was celebrated on July 14th.

CHRISTIAN SCIENCE

The ever-availability to humanity of God, the source of all true life and intelligence, will be set forth at Christian Science services Sunday.

Scriptural selections in the Lesson-Sermon on "Life" will include the following from Psalms (14:1, 11): "Preserve me, O God: for in thee do I put my trust . . . Thou wilt show me the path of life: in thy presence is fullness of joy: at thy right hand there are pleasures for evermore."

Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (215:12): "Whatever is governed by God, is never for an instant deprived of the light and might of intelligence and life."

The Golden Text is from Romans (6:23): "The gift of God is eternal life through Jesus Christ our Lord."

TODAY'S CHUCKLE

"This," said the fellow, "is a picture of the woman I'm going to marry."

"My," said his friend, "she must be wealthy."

Examine Your Spruce Trees — If you have a grove or hedge of spruce trees, right now is the time to examine the trees carefully to determine whether or not the yellow headed spruce sawfly has been active in your vicinity.

If you find any worms that are dark in color and have a head the color of copper or even dark brown, then you may be in trouble unless you do something about it. These worms love spruce trees and they will eat the needles off the trees, starting out near the ends of the twigs and near the top of the tree.

It is surprising how fast they will remove the needles. You can effectively kill them if you do as follows:

Mix one ounce of aldrin with one gallon water and apply this mixture in the form of a fine spray to the whole tree, not just the part where you find the worms. Malathion is also an excellent material to use for this purpose. Mix this up at the rate of two teaspoons to one gallon of water. Apply sufficient of this solution to thoroughly moisture the entire tree.

If this is not done and the worms are permitted to carry on and mature, they will do an excellent job of defoliating the trees. About the middle of August the worms will drop to the ground, burrow into the top soil, pupate over winter and emerge again the next year as a fly. lay eggs and hatch worms, to continue on their program of destruction.

Dairy Calf Club Achievement Day

The weatherman favored the
Carstairs-Didsbury 4-H Dairy Club
with a fine show when they held
their achievement day on July 3rd
at the Carstairs home of Mr. Curtis
Clarke.

Over 70 gathered on the lawn at
12 noon for a picnic dinner, after
which the district agriculturalist,
Mr. H. Pulcher, introduced the
judge for the day, Mr. Owen Rich-
ards of Red Deer, and visiting club
leaders, Bob Armstrong of the Olds
Dairy Club and Mr. Alex Craig of
the East Olds Club.

Four calves from the Clark herd
were brought out for the 4-H club
to judge, after which the "pee-
wees" paraded their calves while
Mr. Richards placed them in the
following order: 1st, Danny Spicer;
2nd, Helen Hunter; 3rd, Levern
Spicer; 4th, Pam Brooks; 5th, La-
bel Hunter.

Danny Spicer also won showman-
ship in the pet we class.

The 4-H Club then paraded their
calves before the judge and spec-
tators were treated to a fine dis-
play of calves, as the Holstein,
Ayrshire and Jersey calves were
placed in the following order:

Holstein, 1st, Mary Jane Clark;
Jersey, 2nd, Ralph Clarke; 3rd,
Bernice Clarke; 4th, Holstein,
Wayne Spicer. The two Ayrshires
were placed further down the line;

14 calves were shown in this class.

Mr. Richards also judged the
showmanship and placed: Wayne
Stauffer first; 2nd, Kenneth Spicer;
3rd, Vergil Stauffer. Mr. Craig
of Olds placed the best groomed
calves in the following order: 1st,
Kenneth Spicer; 2nd, Bernice
Clarke; 3rd, Mary Jane Clark.

Curtis Clark then brought out
four of his show cows for the pub-
lic to judge; first in this was won
by club leader Clarence Spicer; 2nd
was tied between Bob Armstrong
of Olds and Francis Wright of
Didsbury.

Mr. Reg Jackson of the Union
Milk Co. spoke a few words to the
club members and then everyone
was treated to ice cream, donuts
and coffee.

Mr. Clark's barn and yards
looked very nice and the public
also enjoyed the show cattle that
were ready for the Calgary exhibi-
tion. Much work has been done
by the Clark's in helping out the
club this year. Also much appreci-
ation is extended to Mr. Pulcher,
Mr. Owen Richards, Mr. Alex
Craig, the club leader W. Spicer
and many others for a wonderful
day.

LONE PINE INSTITUTE

HOLDS REGULAR MEETING

Lone Pine W.I. met at the home
of Mrs. A. Patterson on July 10th.

Fourteen members and two vis-
itors were present. Plans were
completed for the dance on July 19th.

Allan's orchestra will be in attend-
ance. Members were asked to
bring or send a loaf of bread, made
up in sandwiches.

Mrs. O. Milne gave a very good
report on the Didsbury conference.

The ten-cent draw was won by
Mrs. S. Elliott and netted \$1.60.

Next meeting will be held at the
home of Mrs. H. Shells on Aug. 7th.

Notes From D.A.

By Howard J. Fulcher

Abortions in cattle herds should
be checked and the cause known.

The loss of a calf is great but if it
is an infectious disease subsequent
herd losses will be greater if proper
control measures are not carried
out. There are many different
causes for abortions in beef
and dairy herds.

Brucellosis or Bangs disease
causes many; it is also dangerous
to humans as milk from the cows
infected can cause undulant fever.

Blood testing will determine if this
disease is present. Calhood vac-
cination is the best protection
against this disease.

Vibriosis is present in some
herds; abortion is accompanied
with infertility and repeated
breeding and delayed heat periods.

Diagnosis is difficult but can be
done by combination of blood
tests, fetus examination and vaginal
tests. Prevention can be car-
ried out by a careful breeding pro-
gram and careful selecting of new
stock. Artificial breeding with
treated semen can be used.

Injuries caused from rough hand-
ling, slipping and falling. Check
these to be sure they are not
caused by disease and eliminate
treacherous conditions: e.g. ice,
wet floors, narrow doorways.

Nutrition causes, such as lack of min-
erals, vitamin deficiencies, and
lack of sufficient food for healthy
growth of animals; these can all
be corrected and eliminated by
ample food with sufficient supple-
mentation of minerals and vitamins.

Reproductive organs of individ-
uals not properly developed or
abnormal conditions, require veteri-
narian inspection.

Ergot in grain or grasses if pres-
ent in sufficient amounts.

Any abortion can be checked and
a veterinarian should be called if
cause is not definitely known.

CREMONA NEWS

(From Our Own Correspondent)

(Intended For Last Week)

Cremona Union Cemetery was
the name decided upon for the
local cemetery at the first meeting
of the newly-appointed board.

The committee chosen to repre-
sent three local organizations and
the two churches in the village are:
Mrs. Marion Reid, Mrs. Eleanor
VanHaften, Mr. R. Peidler, Mr. G.
Z. H. VanHaften and Mr. C. Bird.

Mrs. Reid was elected chairman
and Mrs. VanHaften secretary of
the new committee.

It was decided to hold a "bee" to
clear the cemetery grounds of a
heavy growth of weeds. Mr. Peid-
ler volunteered to take charge of
spraying operations and Mr. Bird
said he would mow the grass. Mr.
VanHaften offered to attend to
certain legal matters that had
arisen.

Mr. M. J. Hewitt, who has looked
after the business for thirteen
years, gave an accounting of his
stewardship. Certain improvements
to the grounds are badly needed,
and after a short discussion it was
decided to solicit contributions for
this purpose. Ten dollars was set
as a price for a burial plot, with
no reservations unless paid for at
the time of reservation.

A hearty vote of thanks was
given Mr. Hewitt for the able and
conscientious manner in which he
had attended to the cemetery
during the years previous to the
appointment of a committee.

Diane Taylor of Grade IX held
the record in attendance in the
Cremona school with a perfect
mark of 193 days. Douglas Reid,
Grade III, was a close second with
192 1/2 days and Larry Mays was
third with 191 days. One little
Grade III student, Deryl Mork, had
a bout with the measles, which
broke a perfect attendance record
for three years.

New members welcomed into the
United Church, Sunday, June 30th,
were: Mr. and Mrs. Don O'Dell,
Mrs. Alan Reid, Miss Marjorie
Bird, Miss Maxine Wigg, Mrs. D.
Munn, Mrs. D. McBain and Neil
Young.

The Strawberry Festival spon-
sored by the Cremona W.A. was a
very successful venture. The
C.O.I.T. girls from Cremona as-
sisted the ladies in serving. Forty-
one dollars was realized from the
bazaar, \$13 from the bake table
and \$116 at the door, making a
grand total of \$170.

Mrs. P. Stone took ten of her
C.O.I.T. girls camping out near her
home recently. The campers plan-
ned on an extra night under the
stars but the weather didn't co-
operate. Mrs. Bushart assisted Mrs.
Stone and everyone enjoyed them-
selves thoroughly, in spite of the
weather.

CLEAN RECORD

"Terrible," the boy said. "I was

"That's odd. I've been selling on
the road since 1923; I've had my
simple cases thrown into the
street. I've been tossed downstairs,
manhandled by tough janitors, and
rolled in the gutter. But insulted—

Judy Jordan's boss had noticed that she was different from the other girls. Her smiling face, her cheerful disposition, her buoyant spirit, her unruffled calm — all added up to definite "plus" which made her stand out from the others in the office.

One day he found the reason. Next to Judy's desk lay a little devotional booklet 'Portals of Prayer.' One glance at it and he could see that it had been used again and again. That afternoon he spoke to her, and for the first time in his life he learned what the Christian faith can do.

Judy had found her peace with God through faith in Jesus Christ. Now, for her, the world was bathed in sunshine. And thus she was also able to speak of the faith that was in her heart. She could, in all truthfulness, join Paul and say: 'I am not ashamed of the Gospel of Jesus Christ, for it is the power of God unto salvation to everyone that believeth.'

Next day, Judy began her vacation. Yes, you guessed it. That little devotional book was taken along, and also used. God in heaven had loved her so much that He gave His only Son for her salvation. At work and play, Judy wanted ever to remember this. And in her study of His Word she found this joy.

Yes, Judy is but one of the millions whose daily lives are brightened by the divine assurance: "He that spared not His own son, but delivered Him up for us all, how shall He not with Him also freely give us all things?"

This was the secret of Judy's happiness — faith in Christ. Use your Bible. Let God speak to you. You also will receive this joy and assurance. May your vacation be a joy to you and to your God.

DYING REQUEST ...

The millionaire, in a hospital oxygen tent, was sleeping fast. He called his only relative, a nephew, to him.

"My boy," he said, "I'm leaving you my entire estate. Please use the money wisely; please be prudent; and be good to the poor."

"Yes, sir," the nephew whispered. "And do me one last favor," the millionaire sighed. "Take your foot off my oxygen tube!"

Shown above is "Gentleman Ike Bakins", who will appear on the wrestling card in the Innisfail Arena on Saturday, July 27, when he will tangle with his partner, Karl Karlsson in a tag team match against Heffernan and Costello, Canadian and Australian Tag Team Champions.

This will be a two out of three falls bout, with a 60-minute time limit.

(Intended For Last Week)

Eight members were present at the June W.A. group meeting, held at the home of Mrs. Alan Marsh. Plans were made for a picnic to be held for the United church members and their families on August 7th on the McNaughton farm.

The school picnic was very much a success, which brought to a close a year of work well done, and a feeling of accomplishment. The ball game between Midway and Didsbury East ended up 15-14 in favor of the latter team.

An Anglican vocational school will be held at Midway July 8, 9 and 10. All interested are invited to attend, three years and over. Hours for the above school will be 9 a.m. to 3 p.m. Bring noon lunch please.

Congratulations to Mr. and Mrs. Hugh Fendegast on the birth of a daughter, in the Innisfail hospital. There will be a dance at Lone Pine hall July 5th, sponsored by Bancroft W.I. Acme music.

Future... 4-H Club Member

The two-year-old in his play-pen is fascinated by life around him. He longs to pull the tail feathers out of every chicken on his father's farm. He has no idea at all how a farmer's son should behave, but he'll find out, later, when his brothers initiate him into the local 4-H club.

Here he'll learn by doing, pledged to use his head, heart, hands and health in the best possible way.

4-H Clubs were started with one simple idea in mind: to have rural young people do a worthwhile piece of work at home, voluntarily, and do it better than ever before. Plant a garden plot, perhaps, or raise a calf, make a dress, beautify a room.

The idea was so good that the young people swept their parents along with them, and farm life improved amazingly.

4-H Clubs have done many useful things. They have kept the right boys and girls on the farm, trained young men and women for leadership, improved life in rural communities by introducing better agricultural and home practices, and implanted the ideal of good citizenship in young minds.

There are about 75,000 4-H members in Canada. Many will graduate into farm organizations in which are the progressive young farmers who — by using modern machinery and farm techniques — help to keep all Canadians well fed.

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

The campus of the college has been deserted again and the many campers who were here for the camp meeting have again left for their homes. Rev. Strubhar, district superintendent of the Associated Missionary Church, from Indiana, gave good service as camp evangelist, and Rev. and Mrs. Sherry of Indiana served most acceptably as song directors and organist. The Tabernacle was well filled on the last Sunday and people came from long distances for the closing days.

Mr. and Mrs. Archie Stouffer and daughter Mary, were guests on the grounds during the weekend. Mr. Stouffer is inspector of schools in the Haliburton district in Ontario, and his daughter teaches in the Stouffville, Ont. day schools. They are on a trip to Vancouver where they will visit their eldest daughter, a doctor in one of the Vancouver clinics, and her husband, who is also a pediatrician. Mrs. Stouffer is a cousin of Miss Eby and they were guests in her home during the time they were here.

Miss Gladys Eby was a guest of her nephews and nieces, the Hallmans and Airharts, at Red Deer for several days last week. Rev. Arnold Airhart, past president of the Canadian Nazarene College, will be leaving for a pastorate in Toronto under the Nazarene Church, and the family had a dinner in his honor before he left.

Mr. and Mrs. Arthur Eby spent several days in Banff this week with their son Glen, who is on his holidays.

Mrs. Suder spent most of this week with her daughter, Lois in Calgary. The latter will be securing work in the city since she has finished her courses in business in the city. She and Miss Marie Sharman will be together in Calgary.

Rev. W. D. Annett and family have taken up residence in town in the United Missionary parsonage. Mrs. Annett had the misfortune to injure her thumb in the car door on Monday and had to undergo surgery for it. We are sure she would appreciate any assistance friends could give her as she gets her house in shape after moving from Winfield, B.C. We welcome the Annetts and we are sure they will find a place in the hearts of the people whom they have come to serve.

The Alumni Association has undertaken to renovate the chapel and have already begun their work in it. The ceiling will be sound-proof and the wall refinished. We greatly appreciate this splendid gesture on their part, for each year they do some big piece of work for their alma mater.

YOUR DISTRICT HOME ECONOMIST WRITES !!

By Helen Howard

Safety is a way of life — it can become a habit. Next week, July 21 - 27, is Farm Safety Week. Each year farm accidents take their toll of human life and many of the fatalities are children and young people. Practice "safety first" in your home and avoid crippling falls, fatal fires and electrical shock. Take stock of yourself — get rid of any unsafe habits.

Are your stairways a menace? Keep them in good repair, adequately lighted and clear of boxes, brooms and toys. Paint stair treads a light color. Keep small rugs away from the head and foot of the stairs and from landings. Do your stairs have at least one strong handrail? They should!

Will your medicine kill or cure? Any medicines that are poisonous should be stored in a special cupboard with special labels, out of the reach of children.

Teach children water safety and don't leave small children alone in the bath tub even for a moment. Have you learned how to apply artificial respiration? You may save a life and it may be your child's!

Fire is a cruel destroyer of property and life. One-fifth of the total farm fatalities are caused by fire. Practice fire prevention in your home. Keep matches out of the reach of children. All dry cleaning and other flammable liquids should be stored in a cool, well ventilated place. Have an asbestos or metal stand for your iron. And, be prepared should an emergency arise — have sufficient fire extinguishers and have them checked at regular intervals to make sure they are in working condition.

Good common sense and wise safety habits will help reduce farm accidents. Think safety, teach safety, act safety, and live!

OREMONA NEWS

(From Our Own Correspondent)

The "clean-up bee" planned by the committee of the Oremona Union Cemetery was held last Thursday and 21 men turned out to do an excellent job of hoeing and cultivating the newly-planted trees and mowing the grass. Afternoon lunch was served by the ladies of the committee.

Mr. and Mrs. J. Sumington returned home from their holiday in the U.S. on Saturday, July 13. Ralph is still holidaying there and plans on attending Scout camp while away.

The High C's meet in the church basement again on July 24. All young people are welcome. Do give the leaders your active support and have fun at the same time. The time is 8:00 p.m.

Mr. P. Maynes, local postmaster, has spent the last ten days in the General hospital. He is doing nicely now.

Mr. and Mrs. S. McGuire are a happy couple following the recovery of their wee son, who was seriously ill for almost a week, and is now recovering. Special prayer service was held for him by Mr. Detz.

SERVICE BOARD NOTES

By W. K. Snyder
Agricultural Service Board

THINK AHEAD! There was considerable cutworm activity earlier in the season in this area. A few farmers were obliged to re-seed some crops.

Cutworm moths lay their eggs in loose soil of summerfallow. To prevent egg laying, summerfallow should be well worked during June and July and should then be left undisturbed during August and the fore-part of September, as surface crust helps to discourage egg laying.

The above cultural control is effective against most species of cutworms and especially the pale western cutworm. It is therefore essential that you do thorough and complete summerfallow during July to control weeds and then lay off if possible to let the ground crust over during August and early September.

Thorough cultivation again from the middle of September to freeze-up will take care of the weeds and at the same time pretty well ensure that the cutworm moth won't be laying eggs on your summerfallow.
